Beaufort, South Carolina, features some of the South's most distinctive architecture.Boasting an unmistakable "Beaufort style," these unique houses were built to take advantage of the generous sea breezes, with spacious double porticos and inviting verandas. In this collection of photographs from the Historic American Buildings Survey, an effort to catalogue and document the architecture and building culture of America, William P. Baldwin captures the romance and historic elegance of this charming Southern city.

About the AuthorWilliam Baldwin is a lifelong resident of the South Carolina Lowcountry. He has authored and co-authored numerous works of fiction and non-fiction, including Mrs. Whaley and Her Charleston Garden, The Fennel Family Papers, Heaven is a Beautiful Place, Inland Passages, and Mantelpieces of the Old South.
