This has been the standard for gnome law well written amusing illustrations, an all round fun book to read. 0 of 0 people found the following review helpful. You gnome you wanna By Charles Hardy Purchased as a Christmas gift for my brother who is an expert in all things gnome. He loved it. Couldn't be happier with the quality of this book. Thank you! 1 of 1 people found the following review helpful. Must have book for young and old! By Piet Nutbey Being Dutch now living in Canada I grew up with the Dutch original of this book. Not long ago we were talking about the original Dutch book "Leven en Werken van de Kabouter" and the superb drawings. After that conversation I needed to know if this book was available in English to surprise my wife. And sure it was and ordered. The book is as good as I can remember, however odd to see a childhood memory in a different language. The drawings draw you into the life of the kabouter (gnome) and the way it is written and drawn, you would think Rien and Wil got paid several visits by the gnomes themselves. Absolutely a must-buy for young and old. If you have ever put a gnome in your garden or Christmas tree, this is a book you must have! You'll look different

at gnomes from then on!
