**Randy Lemmon, Pete Billac : Golfer's Guide to Gardening** before purchasing it in order to gage whether or not it would be worth my time, and all praised Golfer's Guide to Gardening:

Tells the absolute easiest flowers, trees and shrubs to plant and maintain for extra time to enjoy other activities and still have the most beautiful yard in the neighborhood. The easy month-by-month planning guide insures you will

always know when to fertilize, prune, or spray whatever you have in your yard.

From the Publisher  
Decades of gardening books cannot compete with this handy reference guide in a monthly format. Insiders landscape and garden secrets insure a luxurious yard for the busy, successful homeowner. Everything is detailed in a quick format listed with benefits and disadvantages, nothing is left up to guesswork.  
From the Back Cover  
The absolute easiest flowers, shrubs and trees to plant and maintain -- Ten best trees -- Beautiful annuals -- Mulching materials -- Best shrubs -- Soils -- Native Texas plants -- Lawns -- Month by month things to do  
About the Author  
Born in Whittier, California in 1962, Randy's family moved to Houston when he was five. His father was a Mechanical Engineer and his mom, a housewife. Randy's mom loved gardening and took a lot of pride in the uniqueness of her back yard. Her wish was that everyone who visited felt they were in a Better Homes Garden setting. One sister, Terri, is married and lives in Pearland. Randy attended Robert E. Lee high school in Houston and Texas AM University where he received his first degree in Broadcast Journalism. He returned to AM to work for the College of Agriculture and Life Sciences to produce radio and television material, where he also garnered his Masters degree in Agriculture. Part of his job was a spokesperson for the college where he researched and disseminated information on topics like Africanized Honey Bees and Red Imported Fire Ants. He also produced radio and television pieces on everything from beef cattle to horticulture. In 1986 He worked with Bill Zak and Ben Oldag, who then had the KTRH garden show. When Bill Zak retired in December of 1995, John Burrow suggested Randy as a replacement. Now, he and John have formed a new, exciting team. Judging from ratings and the number of advertisers, they are doing an exceptional job.
