**From Meredith Books : Great Decks Outdoor Living (Better Homes and Gardens Home)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Great Decks Outdoor Living (Better Homes and Gardens Home):

2 of 2 people found the following review helpful. Better then what I expected. This is a keeper.By shaernurseI really enjoyed this book. Lots of visuals and great ideasfor decks, porches, etc.The step by step instructions were great.I just wish I had a giant yard just to do several of theprojects !!Great book.

A collection of great looking and functional decksfrom the sumptuous to the sublimeand an endless source of ideas for homeowners.Packed with stunning photos of some of Americas most memorable decks and backyard landscapes makes this the best inspirational outdoor space title on the market.Design professionals and homeowners share their secrets for building a great deckeverything from making the most of a difficult space to selecting building materials best suited to the natural environment.More than just a deck guide, this dream book for outdoor living is loaded with

ideas for swimming pools, water gardens, gazebos, and a variety of other features that will accentuate any backyard.
